KL UNIVERSITY

INTRODUCTION

- Flight academies receive many admission applications every year.
- Manual admission processes are time-consuming and error-prone.
- The Flight Academy Admission Portal automates registration, application submission, document verification and status tracking.
- Provides a faster and more transparent admission process for students and administrators.

PROBLEM STATEMENT

- Existing Problems
 - Manual admission process
 - Paper-based forms
 - Slow document verification
 - Difficult status tracking
- Need
 - Digital admission process
 - Real-time status tracking
 - Secure data management
 - Faster communication between academy and applicants

OBJECTIVES

- Develop an online admission portal for flight academy students.
- Simplify application and enrollment processes.
- Enable online document submission.
- Provide secure payment facilities.
- Generate admission reports automatically.

FEATURES OF THE PORTAL

- Student Registration & Login
- Course Information
- Online Application Form
- Document Upload
- Fee Payment Gateway
- Application Status Tracking
- Admission Confirmation
- Admin Dashboard

MODULES

- Eligibility form,
- Doc upload,
- Test scheduler,
- Status tracker,
- Score display,
- Offer letter mock,
- FAQ,
- Profile,
- Email notify,
- Admin panel

WORKFLOW

- Student Registration
- Login to Portal
- Fill Admission Form
- Upload Required Documents
- Pay Application Fee
- Verification by Admin
- Admission Approval
- Confirmation Letter Generated

TECHNOLOGIES USED

- React.js – Frontend development
- JavaScript – Application logic and functionality
- HTML5 – Web page structure
- CSS3 – Styling and design
- Node.js – Runtime environment
- NPM – Package management
- VS Code – Development tool

DATABASE DESIGN

Student Table

- Student_ID
- Name
- Email
- Phone
- Course
-

Application Table

- Application_ID
- Student_ID
- Status
- Payment_Status
-

Admin Table

- Admin_ID
- Username
- Password

ADVANTAGES

- Paperless admission process
- Faster application processing
- Easy document management
- Secure storage of student data
- Real-time admission updates
- Reduced administrative workload

FUTURE ENHANCEMENTS

- AI-based eligibility checking
- Chatbot support
- Mobile application
- SMS & Email notifications
- Online interview scheduling
- Biometric verification

CONCLUSION

- The Flight Academy Admission Portal modernizes the admission process.
- Improves efficiency, transparency, and accessibility.
- Reduces manual work and processing time.
- Provides a user-friendly platform for students and administrators.
